GIRL TELLS OF HER SAD LIFE

Drudgery and Dishonor.

SHE KILLED UNCLE AND AUNT

New York, May 28 .- Josephine Terranova, the girl wife, who killed her uncle and aunt, was called to the witness stand in her trial before Justice Scott and a jury in the supreme court. The girl was calm when she began the telling of her life's history in response to the gentle leading question of her counsel, former Judge Palmieri.

She said she was 8 years old when she came to America and her uncle and aunt took her to their home. She then told how they abused and beat her and said: "I always worked, worked. In the winter time I was made to get up at 4 o'clock, I did everything in the house. I scrubbed, froned, washed, cooked and made the beds. Sometimes he had 16 boarders. Up till the night before I was married I worked. On Friday night I was scrubbing the floor, and the next day I was married.

Then she told of her dishonor and shame. It was a heart-rending ac count, so much so that one woman threw up her hands and fell over in a dead faint. For a moment the wheels of justice paused while Dr. O'Hanion the coroner's physician, who was present, rushed forward to attend her. The woman was carried out and the testimony continued

The witness said that her husband was led to suspect what her relations with her uncle had been because of a remark which the latter made. She declared that her uncle's mistreatment covered a period of about six years, and that it continued up to and including the night after her civil mar riage to Terranova.

She told of the circumstances which led her to kill the uncle, Gaetano, and her aunt, Concetta. She said that her and that the invisible spar husband, after listening to her con fession, told her that she was no longer his wife, and thereupon left her. She remained alone during the following 10 days, subject, she said, to the influence of hallucinations, is which her uncle appeared. Wheneve he appeared a voice said: "Kill him Each night, the witness continued she would dream or imagine that she was in the presence of God, and there again she would hear the words: "Kil your uncle.

At the end of 10 days, the girl said she went to her mother's house and was turned away. Then the mysterious voices became more insistent and their house for this purpose, she said pastor. she crossed herself three times and in the basement by the ladies.

She remembered little of her attack but asserted that she began to stab when her aunt came between her and one she struck first.

Under cross-examination by Assistant District Attorney Ely, the witness said that she had been unable to run away from her uncle's treatment, as she desired to. Her aunt, she said, had told her that there was no harm in her relations with Gaetano. Justice

J. F. CLARK, Conway, Ark. IS ALL IT WILL COST YOU

Regular Price \$8.50 per pair.
To Introduce We Will Self You a Sample Pair for Only NO MORE TROUBLE FROM PUNCTURES.

Result of 15 years experience making. No danger from THORNS, CAC-TUS. PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire. Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

Notice the thick rubber tread "A" and puncture strips "B" and "D," also rim strip "H" to prevent rim cutting. This tire will outlast any other make—SOFT, ELASTIC and EASY RIDING.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is \$5.50 per pair, but for advertising purposes we are making a special factory price to the rider of only 4.50 per pair, All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.55 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knile cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bleycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire
