REQUEST FOR CONCEPTUAL REVIEW

I hereby request Conceptual Review under the provisions of Chapter 114, Article IX, Division 4, Section 114-930.6(d) of the Richmond City Code for the proposal outlined below in accordance with materials accompanying this application. I understand that conceptual review is advisory only.

APPLICATION FOR CERTIFICATE OF APPROPRIATENESS

I hereby make application for the issuance of a certificate under the provisions of Chapter 114, Article IX, Division 4 (Old and Historic Districts) of the Richmond City Code for the proposal outlined below in accordance with plans and specifications accompanying this application.

DETAILED DESCRIPTION OF PROPOSED WORK (Required):

STATE HOW THE DESIGN REVIEW GUIDELINES INFORM THE DESIGN OF THE WORK

PROPOSED. (Include additional sheets of description if necessary, and 12 copies of artwork helpful in describing the project. The 12 copies are not required if the project is being reviewed for an administrative approval. See instruction sheet for requirements.)

Propose to de-construct the entire house, repair foundation and build a new 2 story house to look exactly the way the original house did (with the exception of the side porches). When the interior of the house was demolished we discovered that the current windows were not the size of the original window frames (smaller windows had been put in). We are proposing to restore to the original size windows (see architectural drawings). New original size windows will be wood with 1 over 1 sashes. I am also proposing to enclose the upstairs and downstairs porches on the side of the building to enlarge the kitchen and create a second bathroom.

Building use at time of inspection: _____

A City of Richmond Property Maintenance Inspector inspected the building/structure/dwelling unit specified above on **9/10/2013**. The listed violations of the Virginia Maintenance Code (VMC) 2006 as amended and adopted by the City of Richmond Code Section 14-1 were found to exist. The violations cited must be abated by **9/12/2013** or as specified in the Special Orders included in the attached report.

Upon expiration of the abatement date the building/structure/dwelling unit will be re-inspected for code compliance.

Failure to comply with this Notice may result in court action and fines of up to \$2,500.00 per violation if convicted (VMC Section 104.5.6 and VMC Section 104.5.7). In addition, the City may disallow occupancy, placard the structure, or abate the unsafe condition(s). A lien may be attached to the tax bill for administrative fees and any incurred costs, i.e., the cost of abating the unsafe conditions, securing, and/or razing/removing the structure. Please be advised that the City reserves the right, under applicable Spot Blight Abatement laws and policies, to acquire and then demolish this structure if the above violations are not resolved within the time frames provided.

You have the right to appeal this notice. Appeals must be made within fourteen (14) days of receipt of this Notice of Violation. A fee shall accompany your appeal. (VMC Section 106.5)

It is required that the recipient of this notice declare, immediately upon receipt, acceptance or rejection of the terms of this notice. (VMC Section 105.4)

All codes referenced herein are from the Virginia Maintenance Code unless otherwise stated.

If you have questions regarding this Notice of Violation you should contact the inspector between 8:00 a.m. and 9:00 a.m. or between 4:00 p.m. and 5:00 p.m. at the number given above.

Dear Historic Richmond Renovations

The City of Richmond is diligently working to eliminate blight and deterioration in our neighborhoods, to ensure that our community is healthy, safe, and well maintained. To that end, the City utilizes the Virginia Maintenance Code (VMC); Part III of the Virginia Uniform Statewide Building Code (VUSBC – 2009 Edition). This authorizes the City to inspect properties within the City limits for VMC compliance and allows for the citation of property maintenance violations.

My inspection of your property at 307 N 21st St identified the violations listed on the next page of this letter. Your assistance in reviewing these violations and your cooperation in removing these defects as soon as possible, but no later than 9/12/2013 will be greatly appreciated by this department and the community. If you believe this notice was sent to you in error, if you have extenuating circumstances, or if you would like to discuss any aspect of these requirements, please do not hesitate to call me at the phone number listed above. I would be pleased to assist you in the necessary resolution of these matters.

Please note that the law provides that failure to comply with this notice may result in criminal court action and fines of up to \$2,500 per violation, per day, plus court costs. Additionally, a lien may be placed on the property for administrative fees and any other necessary costs incurred by the City to address violations, such as; repairs to make the building safe, boarding to secure the building from entry, and/or removal of the building. It is my hope that none of these actions will be necessary and that the violations noted will be corrected.

You have the right to appeal this notice to the Local Board Building Code of Appeals. Appeals must be made within fourteen (14) days of receipt of this Notice of Violation.

Thank you for your timely attention to this matter and in assisting us in our ongoing effort to maintain and revitalize our community.

Sincerely,

Earl R. Weaver

Property Maintenance Enforcement Inspector

ATTENTION: City Old and Historic District Requirements

Your property may be located within a City Old and Historic District, which requires special approvals for renovation and new construction. To determine if your property is in a City Old and Historic District, go to <http://www.richmondgov.com/CommissionArchitecturalReview/index.aspx> and click on the link "View Map of City Old & Historic Districts."

Any property located within a City Old and Historic District requires a *Certificate of Appropriateness* (COA)

prior to the commencement of work as follows: alteration of building exterior as viewed from a public street or alley. For work requiring a building permit, no permit will be issued without a COA. Approval is required not only for the main structure on a lot but also for accessory buildings, fences, exterior lighting, driveways and walks, and any other features visible to the public. Questions or requests may be directed to the Secretary of the Commission of Architectural Review (CAR), Department of Planning and Development Review, 900 E.
