

# Church Hill North Working Groups: Housing, Neighborhood, People

## ABOUT

Working Groups are opportunities for residents of Creighton Court, other stakeholders of the East End, and local experts in relevant subject matters to develop together effective strategies towards an impactful redevelopment plan. We are breaking the discussion into three components: housing, neighborhood, and people.

The **Housing Working Group**, every first and third Monday starting September 1, will focus on strategies to create high quality new and rehabilitated mixed income housing.

The **Neighborhood Working Group**, every first and third Tuesday starting September 2, will focus on strategies to improve the public realm with particular emphasis on safety, completed streets, parks, and open space.

The **People Working Group**, every first and third Wednesday starting August 20, will focus on strategies to improve the quality of life for residents with a focus on health, education, and workforce development.
